solutions

Pure and Simple

Research and purchase thousands of process components at www.processhq.com

We strive to provide exceptional service with the highest level of integrity. Our expertise and belief that good ethics is good business ensures you can expect the most effective product solutions for all of your bio-process challenges.

Engineered Process Systems

- Bioreactors and fermenters
- Pump, filtration and transfer skids
- CIP and COP systems
- Tanks and heat exchangers
- Filter housings

High Purity Process Components

- AdvantaPure™ line of sanitary hose and tubing in Silicone, Teflon® and EPDM
- Custom fabricated stainless components
- Diaphragm and ball valves
- Instrumentation
- Sanitary gaskets, clamps and fittings

Advanced Compliance Solutions

- AdvantaLabel™ hose labeling system
- Integrated online custom component management and tracking database
- Online QC certificate access

Advanced solutions

High purity diaphragm valves, custom engineered biopharmaceutical control, measurement and process systems

High purity tubing and sanitary hose assemblies in platinum cured silicone, Teflon®, and EPDM

Bioreactors, fermenters and peripherals, tumbler mixers

Superior quality stainless steel fittings, valves, heat exchangers and custom fabrication

Teflon® PFA process systems, valves, fittings, tubing, sheetlined and rotolined vessels and other process components

Sanitary pressure and temperature instrumentation

Stainless steel and high alloy tanks, ASME pressure vessels, portable and mixing vessels

Sanitary gaskets and O-rings in Class VI platinum cured silicone, Viton®, EPDM, Teflon®, and Teflon®/Stainless blend

Flexible tubing and hose in a wide variety of plastics and rubber, clamps and accessories

High purity stainless steel ball valves

ProcessHQ

PURE AND SIMPLESM

We have two locations in southern California to serve you.

Los Angeles office:

21356 Nordhoff Street
Suite 108
Chatsworth, CA 91311
818 341 1782
818 475 1589 (fax)

San Diego office:

310 S. Twin Oaks Valley Road
Suite 107-184
San Marcos, CA 92069
760 752 3452
760 860 9991 (fax)
